

eOn Communications Introduces Syspine IP-PBX “All-in-One” 6-Pack Telephone System Packages

eOn Communications is pleased to announce a new promotion for the eOn Office Solutions Syspine® IP-PBX that will boost margins and generate revenue for your business. The new “All-in-One” 6-pack telephone and system packages are your business’s economic stimulus package. With up to 80% markup potential, you’ll be able to close deals with higher profits for your business.

The promotion package includes a Syspine 4 or 8 line IP-PBX base unit with 6 310M IP phones each. The integrated Microsoft Response Point software offers state-of-the-art features such as voice-activated dialing, voice messaging, automated attendant for call routing, and automatic phone and gateway discovery for simplified setup and operation. The “All-In-One” packages provide substantial savings and make it easy and simple to get started with a complete Response Point system. This promotion is valid until June 30, 2009.
