## ***eNterprise IP and Digital Telephones Headset Support***

eOn has tested and verified compatibility of the 7000 Series IP and 6000 Series Digital Telephones with headset and amplifier equipment from several manufacturers. The headset jack on the eNterprise telephones supports both amplified and non-amplified headsets. Most basic headsets with an amplifier will work with the eNterprise telephones. If you would like to use an amplified headset, we encourage you to use one of the models that have been tested.

No	Model No.	Manufacturer	Product Image	Type	Technology	70XXIP	60XXD
1	GN9330	Jabra <a href="http://www.jabra.com">www.jabra.com</a>		Over-the-Ear, Noise-canceling Headset with Amplifier	Wireless	Yes	Yes
2	2386-GN9120	Jabra <a href="http://www.jabra.com">www.jabra.com</a>		Headset with Amplifier	Wireless	Yes	Yes
3	CS50 or CS55	Plantronics <a href="http://www.plantronics.com">www.plantronics.com</a>		Over-the-Ear, Noise-canceling Headset with Amplifier	Wireless	Yes	Yes

5	P61-U10P Supra Headset	Plantronics <a href="http://www.plantronics.com">www.plantronics.com</a>		Binaural/Dual Ear, Voice Tube, Non-amplified Headset	Corded	No	Yes
6	P91-U10P Encore Headset	Plantronics <a href="http://www.plantronics.com">www.plantronics.com</a>		Monaural/Single Ear, Voice Tube, Non-amplified Headset	Corded	Yes	Yes
7	GN8000	Jabra <a href="http://www.jabra.com">www.jabra.com</a>		Amplifier	Corded	Yes	Yes

No	Model No.	Manufacturer	Product Image	Type	Technology	70XXIP	60XXD
8	VXI TuffSet Everon	VXI <a href="http://www.vxicorp.com">www.vxicorp.com</a>		Amplifier	Corded	Yes	Yes
9	M12	Plantronics <a href="http://www.plantronics.com">www.plantronics.com</a>		Amplifier	Corded	Yes	Yes
10	M10	Plantronics <a href="http://www.plantronics.com">www.plantronics.com</a>		Amplifier	Corded	Yes	Yes

*Note: Headsets that are not amplified require an amplifier device to control receive and transmit volume.*

### **Additional Information**

If you wish to use other types of headset equipment, you should test it to verify compatibility with the eNterprise IP and Digital Telephones before committing to its use. eOn will continue its interoperability testing with other headset models and add to this list. In the future, please check eOn's web site or [Partner Portal](#) for the latest information on this and other equipment compatibility testing. If you have any additional questions, please contact your eOn Channel Partner. If you need to locate a Channel Partner in your area, please fill out this [Contact Form](#).
